## CROWD

## Technical support text

- 3 Piece band - Lead Guitar, Bass Guitar & Drums. 2 Vocals.
- If Bass Combo is supplied by us, there is a DI out
- Drums are in a line with Guitarists (not amps) and Drummer stands up
- 13A plug power source required at Drums for DTX Brain and guitar amps/pedals
- Mono or Stereo 1/4 jack(s) for Drums output. Output is mixed in the brain with individual sliders for control, traditional bass drum with Behringer 19A fitted; XLR required for male socket in drum.
- Band use 2 microphones (1 supplied and attached to Drum Kit—Shure Beta 58A). Please supply second on Boom-Stand for Bassist
- Separate monitor mixes required for all three band members
